## The World's Champion Team

With over 100 years of combined experience in product development, Champion Products LLC has mastered the science and art of blending industrial cleaning solutions. Working with all types of liquids, from acids to bases and natural to synthetic surfactants, we produce a range of environmentally responsible products. We also develop custom products that uniquely meet the requirements of our customer's specific applications.

Locally owned and operated in Kern County, Champion Products LLC exceeds customer expectations and has earned an uncommon reputation for excellence by valuing our customers, paying attention to their needs, and delivering quality products in a timely manner.

Our products are sold directly through business to business sales within Kern County. We also sell through distribution channels in many industries using private labels. If you are interested in designer products that meet your specific needs visit us on the web at [www.worldschamp.com](http://www.worldschamp.com).

HAND CLEANER | PRODUCTS

## WORLD'S CHAMPION ALL PURPOSE CLEANER

### Product:

A super-concentrated powerful, citrus-based, biodegradable cleaner and degreaser. Contains a higher proportion of uncommon and expensive ingredients than ordinary concentrated cleaners and degreasers.

### Purpose:

Developed in response to customer requests for cleaning wood, linoleum, tile, washable fabrics, upholstery, and glass surfaces in domestic or commercial settings.

### Benefits:

For your toughest stains and everyday cleaning without harsh petroleum based chemicals.

### Use on:

Chewing gum, ink, tar, stubborn grease, varnishes, paints, adhesives, lipstick, pet stains, and accumulated grime, grunge and fouling.

## WORLD'S CHAMPION WATERLESS HAND CLEANER

### Product:

A fresh smelling, soy-based hand cleaner sold with or without pumice to quickly clean and repair the dirtiest of hands.

### Purpose:

Specially formulated to remove heavy oil, grease and tar commonly found in oil processing, refining and field operations.

### Benefits:

Contains premium skin conditioners – won't dry out your skin like many other hand cleaners. Low VOC hand cleaner. Does not require water.

### Use on:

Crude oil, grease, resins, soils, printer's ink, grime, paint and glue.

## WORLD'S CHAMPION RIG WASH

### Product:

A concentrated, nonylphenol free, blend formulated with the environment in mind.

### Purpose:

Cleaning applications requiring more solvent cleaning power. Rig washing, crude oil, tank cleaning and degreasing, parts cleaning and engine degreasing in the automotive, aircraft, and aerospace industries.

### Benefits:

No ozone depleting chemicals, no hazardous air pollutants. Replaces toxic chlorinated solvents, glycol ether, MEK, xylene, Freon and CFC's. Easily diluted with water without compromising its effectiveness.

### Use on:

Tar and asphalt remover, graffiti remover, grease trap maintenance, lift and sewage treatment applications, printing press cleaner, metal cleaner and stain remover.

## WORLD'S CHAMPION ENGINE DEGREASER

### Product:

A powerful citrus-based aerosol degreaser that outperforms solvent emulsions and alkali cleaners.

### Purpose:

Industrial applications – gas processing equipment, cosmoline removal, oil cellars, tar pumps, valves, engines, compressors, plant machinery, production machinery, forklifts, dozers, tractors and mobile equipment.

### Benefits:

A non-toxic alternative to harsh petroleum based cleaners.

### Use on:

Heavy greases, carbonized oils, grease buildups, tar, varnishes, paints, adhesives, inks and heavy oil deposits.
